

Virtual Classroom Expectations and Responsibilities for the 2020-2021 School Year

If you have chosen virtual learning for the start of the 2020-2021 school year, your child is to adhere to the following guidelines, as well as all classroom and school rules and expectations. **Note: MPRCS has the right to update and make changes to these guidelines as needed.**

- 1-All classes must be attended during school hours. We will be streaming live and we will not be recording our day. You must be present from the start of the school day until the end of the school day, with the exception of snack and lunch.
- 2-A Daily Class schedule will be provided for your child's grade and he/she is to follow it. This will include AM snack and Lunch/Recess times.
- 3- You must be in your school polo shirt. On gym days you can wear your MPRCS gym shirt.
- 4- You are to be sitting at a table with a wall behind you. The floor is ok, but you are not to be in your beds.
- 5-Make sure to set up in a room with limited distractions.
- 6-To avoid background noise, we are asking that everyone mutes, when the class begins.
- 7-You should have all your materials for the day with you.
- 8- If you need to leave or excuse yourself for any reason, you must notify the Teacher. If you are having connection problems, please notify your teacher.

9-If you have questions during the class you can raise your hand, unmute and ask, or type in the chat box.

10-Make sure you are completing all of your assignments and turning them in when they are **due**. You have the same due dates and expectations as the students in class.

11-Make sure you are completing all assignments to the best of your ability.

12- You should be going back into your Google Classrooms assignments to check your grades and/or teacher comments.

13-You need to read all directions carefully before completing an assignment.

14-If you do not understand an assignment, you need to ask a friend or email the teacher.

15-If you need extra time or help, it is up to you to contact your teachers.

I have read and agree to follow the Virtual Classroom Expectations and Guidelines. If the guidelines are not being followed, parents will be immediately notified by the teacher. I am also aware they are subject to change.
